Look for cranberries that range in color from light to dark red and are plump, glossy, and firm. White berries mixed in with the red do not need to be discarded. They are mature and have a milder flavor.

Avoid berries that are shriveled, soft or decaying.

Fresh cranberries are available from October through early January.

Dried cranberries are often available in bulk food sections. They might be less expensive and you can buy small amounts.

Frozen cranberries are available all year. Or buy fresh cranberries when they are in season and freeze your own.

Cranberries are a good source of vitamin C.

Types of Cranberries

- **Fresh** cranberries are bland but tart. They are generally added to recipes, not eaten alone. They are also available as frozen berries.
  - **Red cranberries** – deep red color is desirable; tartness develops as the color deepens.
  - **White cranberries** – harvested for juice rather than sold fresh.

Cranberry products that are available all year include:

- cranberry juice and juice blends,
- canned cranberry sauce, and dried cranberries.

These processed cranberry products usually have added sugar. Dried cranberries can be found without added sugar.

Rinse fresh cranberries just before using.

Fresh cranberries can be frozen and stored for up to 1 year. Freeze in the original plastic packaging as purchased or transfer to freezer bags for longer protection. They do not need to be thawed before using.

Store fresh cranberries in their original packaging or a tightly sealed plastic bag for up to 2 months in a refrigerator crisper. Remove any soft or decayed berries to help them store longer.

12-ounce bag of fresh cranberries = about 3 cups

**Shop and Save**

**Share on:**
**Glazed Carrots and Cranberries**

**Ingredients:**
- 1 pound carrots, peeled and sliced diagonally into ¼ inch thick slices
- ½ teaspoon salt
- 3 Tablespoons sugar, divided
- ½ cup chicken broth
- 1 Tablespoon butter
- ½ cup dried cranberries
- 2 teaspoons lemon juice

**Directions:**
1. In a large skillet over medium-high heat, add carrots, salt, 1 Tablespoon sugar, and broth. Bring to a boil. Cover and reduce heat. Simmer, stirring occasionally, until carrots are almost tender, about 5 to 8 minutes.
2. Uncover; increase heat to high. Stir occasionally until liquid is reduced to about 2 Tablespoons, about 1 to 2 minutes.
3. Add butter and remaining sugar to skillet; stir carrots to coat. Add dried cranberries and cook, stirring frequently, until carrots are completely tender and glaze is light gold, about 3 minutes.
4. Remove from heat and stir in lemon juice. Serve warm.

**Couscous Salad**

**Ingredients:**
- ¾ cup dry couscous
- ½ cup dried cranberries
- 1 cup boiling water
- 1½ cups fresh or frozen cranberries
- 2 green onions, sliced
- ½ cup toasted nuts, chopped

**Directions:**
1. Place couscous and cranberries in a large bowl. Pour boiling water over the mixture; cover and let stand until just warm. Fluff with a fork to separate.
2. Add dressing and mix lightly.
3. Add vegetables and nuts. Toss lightly.
4. Refrigerate leftovers within 2 hours.

**Cranberry Applesauce**

**Ingredients:**
- 7 or 8 medium apples, peeled, cored and chopped
- 1½ cups fresh or frozen cranberries
- 1 cup water
- ½ teaspoon cinnamon
- ½ teaspoon salt
- ⅓ cup brown sugar

**Directions:**
1. Combine all ingredients in a large saucepan. Bring to a boil. Cover and reduce heat. Simmer 20 to 30 minutes.
2. Remove from heat and cool slightly. Use a potato masher or fork to mash mixture to the consistency desired. Serve warm or cold.
3. Refrigerate leftovers within 2 hours.

**Kids Can!**

When kids help make healthy food, they are more likely to try it. Show kids how to:
- wash produce under cool running water.
- peel fruit or vegetables with a peeler to take off only a thin layer.
- measure and mix ingredients.
